Dear church family,

In just a few short days, Friend Day will be here.

I want to encourage you invite your friends and family for that special day. You remember what a success Easter was as dozens of new people began to attend our church. We can do the same thing again if we work toward it. This is the week for it to happen.

Let's partner together to make this a great event.

God Bless,

Ed Stetzer

PS Feel free to visit the early service at 9:30a.m. if you cannot attend the later service because of other obligations or you are working with our children..
