

Dear new friend,

Life is to be embraced and lived with joy and excitement! The question is: *how do you do that?* For too many, life is more about surviving than living. Getting through work, chores, and dealing with relationships can seem to sap the life out of us. But, God intended life to be about more than the commute!

As a new church in our community, we are going to focus our attention on why life can have meaning and purpose. When life is based around eternal truths rather than the everyday details, life is worth living. That's our Fall focus, "ReThinking Reality: Living for More than the Commute." So, please join us for....
