DEVELOPING OTHER PREACHERS

EXERCISES

Read James 4:14. Are you currently investing in the lives of aspiring preachers? Why or why not?

How can you leverage the things you've learned as a preacher to benefit a developing preacher? What resources and tools could you share?

Consider opportunities to platform others to teach or preach. In what ways can you help them prepare? How can you provide encouragement and feedback to help them improve? How could developing other preachers lead to more bandwidth in your own schedule?
