

Sample Age Determination & Separation of Age Groups

You must determine the minimum and maximum ages for your children's ministry. Three factors to consider as you launch or develop your children's ministry are:

1. The number and ages of children in core team families
2. The number of rooms available for children's ministry
3. The resources available in each room

Below is a sample list of age groups, if three rooms are available for children's ministry.

- Nursery: 6 months-2 years old
- Preschool: 3-5 years old
- Elementary: 1st-5th grades
