

**NOTES**

The Message of Christianity

## REFLECTION QUESTIONS

1. How does embracing the truth that you are justified by faith alone—not by your works or achievements—change the way you view your relationship with God and your daily life?

2. In moments of ministry success or struggle, where do you find your ultimate sense of validation: in your own efforts or in the finished work of Christ?

3. What practical steps can you take to keep the doctrine of justification by faith at the center of your faith and ministry, especially when faced with discouragement or pride?
